

Press Release

Executives' Club of Chicago Encore to serve as the Club's Office of the CIO

Encore is pleased to announce that it has been selected by the Executives' Club of Chicago to serve as the club's Office of the CIO for the fiscal year 2006 – 2007.

About The Executives' Club of Chicago

For the 11th consecutive year, Best Business Practices in Corporate Communication named The Executives' Club of Chicago one of the United States' "Top Speaking Forums". The Executives' Club of Chicago supports the Midwestern economy by bringing Chicago's business community together with global leaders and practices at work in companies around the world; by helping organizations establish productive new business relationships in global markets; and by exploring issues that will shape the dynamic 21st century business environment.

About Encore Consulting Services, Inc.

Encore Consulting Services is a privately-held information technology services firm that helps clients deliver a proven performance to plan, build and manage application software development for business growth.

Encore will work closely with Ms. Kaarina Koskenalusta, Executives' Club of Chicago President & CEO, and Ms. Inna Suvorov, Senior Director of Programs and External Affairs for the Executives' Club of Chicago to align the information technology resources of the Club with its business objectives. The Club's focus is to present quality executive-level programs to a growing roster of members.

Encore will ensure that the most efficient hardware and software technology is in place to support the high quality of the programs for which the Executives' Club is noted. Encore stands ready to promote the Executives' Club to its clients and help the Club achieve a record high membership.

Please contact Inna Suvorov at isuvorov@executivesclub.org to learn more about the membership benefits of the Executives' Club of Chicago.
